STRATEGIC PARTNER

Synergy of possibilities

Inspired by the future, supported by experience

We are a synergistic group of companies with over 100 years of experience in the electromechanical industry, which share a common goal:

Thanks to the complementary offer, to provide the best solutions for a broad range of industries and increase the production efficiency of our customers.

We have production facilities in Poland and abroad, including a forging plant, in which we manufacture flat and round link chains, flight bars, chain assemblies, drop forgings, couplings, bolting machines, drills, friction props, hydraulic aggregates, and many other products. We also carry out industrial and commercial construction projects. Moreover, thanks to the cooperation with our strategic partner - KONKO S.A., we provide comprehensive steel structures prefabrication services for partners requiring high-quality machining and welding.

An extensive and multifaceted worldwide distribution network allows us to stand out with the efficiency of servicing and the ability to quickly adapt to dynamically changing market needs.

Thinking globally acting locally

We operate in key industrial segments across the world

Our products are used by over 2000 users in 48 countries:

Argentina, Australia, Austria, Belgium, Belarus, Bosnia and Herzegovina, Brazil, Bulgaria, Canada, Chile, China, Columbia, Czech Republic, Denmark, Estonia, Faroe Islands, Finland, Germany, Great Britain, Hungary, Iceland, India, Israel, Italy, Kazakhstan, Latvia, Lithuania, Malaysia, Mexico, Mongolia, Morocco, Netherlands, Norway, Poland, Qatar, Romania, Russia, Serbia, Slovakia, Slovenia, South Africa, South Korea, Spain, Sweden, Turkey, Ukraine, USA, Vietnam.

KARBON 2

PARENT COMPANY

- industrial and commercial construction projects
- Electric Vehicles Center
- steel trade
- coal trade and production of granulated fine coal products

- die forgings
- highly flexible, flexible and fluid couplings
- electric and hydraulic drilling machines
- pneumatic roof bolting machines
- hydraulic aggregates
- torque and ratchet wrenches
- line oil lubricators, friction props, support legs
- assembly and welding of steel structures
- services of machining on lathes, milling machines and CNC grinders
- industrial boring services

EFFECTIVE BUSINESS MODEL

Production:

MOJ S.A. DEPARTMENT

STRATEGIC PARTNER

Distribution:

- high-strength dual pitch flat link chains Solid Profile
38x126/148; 42x128/164; 50x146/174; 56x168/204
- double flat link chains Master Profile from 22x86 to 60x181 (189)
- triple flat link chains Master Profile 34x126-75; 42x146-101
- highly resistant flight bars, clamps, locks
- OZUS Universal Bolt-type Connecting Links from 18x64 to 42x152
- OZUZR Universal Rapid Lock-type Connecting Links from 18x64 to 42x146
- OZUZR-S Universal Rapid Lock-type Plow Connecting Links 38x137; 42x137
- OZBR Rapid Block-type Connecting Links from 34x126 to 60x181(189)
- OZBR Rapid Block-type Connecting Links for Solid Profile chains
38x126/148; 42x128/164; 50x146/174; 56x168/204
- OZPZR Horizontal Rapid Lock-type Connecting Links from 26x92 to 42x146
- complete chain assemblies

STRATEGIC PARTNER

- complete sections of hydraulic roof support
- beam stage loaders (BSL), armored face conveyors (AFC)
- elements of transport systems (suspended monorails)
- belt conveyors and spare parts
- repairs of the aforementioned components
- regeneration of cables
- steel structures for road construction machinery
- burning, die bending, beveling, plasma cutting, machining
